**SASKATCHEWAN
SCIENCE CENTRE**

Real science. Real fun!

The Saskatchewan Science Centre is a not-for-profit community organization. Admission and program fees make a necessary contribution toward the cost of our operations. The Nexen Discovery Fund provides financial assistance to priority communities so they may enjoy a visit to the Science Centre or participate in our outreach programming. Please be advised that each application will be dealt with individually and the level of assistance will be granted according to need.

Thank you for your interest in the Saskatchewan Science Centre and Kramer IMAX Theatre. Should you need assistance in completing this form, please call 791-7927.
