

**July 11, 2017**

**Exhibition Launch Invitation**

You are invited to join the Saskatchewan Science Centre and Special Guests as we launch the Canada C3 Museum Hub exhibition on **Thursday, July 13, 2017 at 10:30am.**

A Canada 150 Signature project, Canada C3 is a 150-day expedition from Toronto to Victoria via the Northwest Passage. It will inspire a deeper understanding of our land, our peoples and our country.

The Saskatchewan Science Centre is Saskatchewan's Museum Hub. This temporary interactive exhibition will allow visitors and guests to follow the journey in real time, learn about the expedition on an interactive touch screen display, experience the journey through virtual reality, join in conversations focused on the key themes of Canada 150, discover research, and connect with onboard participants.

Special Guests at the launch will include 3 participants who have been or will be on board the ship during segments of the journey from Toronto to Victoria.

- Angel Chen
- Bernadette Sokalski
- Dennis Garreck
