## Holiday parties for businesses large and small

Host your staff holiday party at the Saskatchewan Science Centre!  
Looking for a party just for adults? We can provide food, liquor, entertainment,  
music, and dancing. Want to include your staff's children in the festivities?  
No problem! Bring your own amazing ideas, or let us share some of ours.  
We'll work with you to plan the best holiday party they've ever had!

## Make it memorable

Take a break from the ordinary and try something completely different  
during your visit to the Saskatchewan Science Centre.

We provide unique and engaging experiences that are sure to make your  
next event or meeting memorable. Add a team building activity, stage show,  
or our famous liquid nitrogen ice cream to your booking. Choose from one  
of our popular offerings, or work with our programming team to create  
custom challenges just for you!

Add some spark to your meeting while having fun with your team!

*"Thank you so much for everything—  
you guys were great to work with  
and we have received lots of good  
feedback from everyone that  
attended the event. Thanks  
again for everything!"*

— Marlys Wasylyniuk  
Event Coordinator

**SASKATCHEWAN  
SCIENCE CENTRE**

*Real science. Real fun!*

**SASKATCHEWAN  
SCIENCE CENTRE**

*Real science. Real fun!*

We've got what  
you're looking for.

# An **amazing** place to host an event!

Are you looking for something a little different? Do you want your guests to talk about your event when it's over? Choose the Saskatchewan Science Centre as your next venue. We offer spaces for meetings and receptions, award-winning catering, and an environment that fosters creativity and exploration.

## Exceeding Expectations

Host a corporate reception, holiday party, employee appreciation function, team building event, new product launch, wedding, or press conference. Play video games in one of our two theatres, hold a quiet strategy session with your staff, or roll out the red carpet for your most valuable clients.

## It's easy

Our event staff will work with you to plan a unique experience for your guests, welcome them with a smile, and ensure that your event is unforgettable.

## We're licensed

We are a fully-licensed facility—you don't need to worry about a liquor license, bar staff, or beverages.

## We'll customize your experience

A science-themed activity or demonstration will have your guests talking about your event for years to come.

## Distinctive spaces

The Saskatchewan Science Centre offers the most unique boardrooms and spaces in Regina — all buzzing with creativity and inspiration for innovative thinking. Our meeting rooms are available with internet connectivity, digital projection, conference calling, and large monitors for your convenience. Custom A/V needs can also be accommodated. Add a team building activity, catering, or an IMAX film to make your day complete.

### IMAX Boardroom

With room for as many as 25 people, the IMAX Boardroom features large tables with comfortable seating, spectacular views, and a spacious patio overlooking Wascana Centre.

### Saskatchewan Science Centre Boardroom

This traditional boardroom is nestled in the heart of the Science Centre with room for 12. The Saskatchewan Science Centre Boardroom offers plush executive seating, a large board table, and a sink with serving area.

### Exhibit Floor

With more than 180 interactive exhibits on two floors the entire Science Centre is an option for a truly unique experience – from press announcements in the midst of a bustling attraction to a private reception, this space can accommodate up to 500 guests.

### Lloyd W. Johnston Gallery \*

We call it the LWJ — it's nearly 5,000 square feet of gallery space. From a trade-show to an elegant sit down dinner for 175, to a dance with live music, this room can handle it all. Our main exhibit space, this room is infinitely configurable to suit the needs of your event.

### Atrium

Glass walls looking out onto Wascana Park provide an elegant meeting or meal space for 30 people. Throw open the doors and expand the room to include up to 100 colleagues or friends. Great for an escape from a boardroom or a distinguished dining experience.

\* Rental dates based on availability

## Theatre rentals

### Kramer IMAX Theatre

At a towering 52 feet high the IMAX screen makes all other movie screens look tiny, and 10,000 watts of audio power delivers your message with a resounding note. Rent the IMAX for a private screening of any of our IMAX films, bring a Blu-ray of your favorite movie for private viewing, or show your own slides on our big screen for maximum impact. Feeling competitive? Hook up your gaming system and see who comes out on top. The Kramer IMAX Theatre seats 160 people.

### Small Theatre

Did you know the Saskatchewan Science Centre also contains a smaller, more intimate 100 seat theatre that is available for corporate or private use? It's perfect for meetings, presentations, AGM's, concerts, and more! Of course, you can also use it to watch movies or play video games!

### Video Display Wall

Pop-up banners have their place, but wouldn't your brand identity look much better more than 40 feet tall behind you as you launch your next product or make your next announcement? Work with our A/V experts to turn your logo into a giant display.

## Mouth watering food

The Saskatchewan Science Centre is proud to be the home of Skye Café & Bistro and Rebello Food Studios Inc. Have their award-winning chefs serve you something from their menu or have them custom design something just for you.

Not quite that hungry? Add to your experience with Saskatchewan's best movie theatre popcorn or selections from our concession at any time of day.

*"It was such a pleasure working with the professional and courteous staff of the Saskatchewan Science Centre and Kramer IMAX. Our event went off without a hitch because of their attention to detail and hard work. We look forward to hosting other events with them in the future."*

— Rachel Mielke  
Hillberg & Berk

*"The food, venue, and staff were just spectacular! I can't thank you enough and will certainly spread the word about how great everything was... just so perfect!"*

— Edwina Bates  
Mother-of-the-Groom
